

## OXYGENUM OILY DANDRUFF

Recommended for the treatment of dandruff related to the overproduction of oil

- GREAT PURIFYING AND BALANCING ACTION
- OXYGENATES THE EPIDERMIS CELLS
- ITS ASTRINGENT ACTION REGULATES OIL AND RESTORES COMFORT
- MAKES THE HAIR SHINIER AND EXTREMELY SOFT

### PEELING #23

- Oxygenating concentrate peeling
- Gently exfoliates, boosting the regeneration of the epidermis. Purifies and acts effectively against the development of dandruff, eliminating dead skin cells and providing powerful anti-dandruff protection. The combined action of lavender extract, Echinacea and cellular oxygenator provides a comfortable soothing sensation.
- With Echinacea, lavender and a cellular oxygenator
- 75ml

### How to use

Apply to damp, unwashed hair. Begin application by parting the hair at different points on the head. Part the hair in 5 places in the front and in 3 places on the back of the head (between the ears and the nape of the neck). Apply approximately 5 cm of product to each part. Spread evenly over the entire scalp, using your finger tips to massage it in gently, with a circular motion. Leave on for 2 minutes. Rinse with plenty of warm water. Wash the hair with the corresponding CAPILO shampoo.

### SHAMPOO #07

- Oxygenating treatment shampoo
- It eliminates dandruff, regulates excess oil and reduces the risk of their recurrence, thanks to the properties of the Lavender and Raspberry vinegar.
- With lavender and raspberry vinegar
- 250ml

### How to use

Apply to damp hair, massaging it in with circular movements from the forehead to the nape of the neck. Rinse with warm water. Apply a second time.

### AQUA-INFUSION #35

- Balancing Lotion
- Eliminates dandruff and itching, protecting the scalp from their recurrence. The cellular oxygenator incorporated in its formula exerts a great oxygenating effect on the skin cells of the scalp. The combined action of Lavender and Raspberry vinegar balances and revitalizes the scalp and hair.
- With lavender, raspberry vinegar and a cellular oxygenator
- 7ml (10 u. X 7ml)

### How to use

Use on freshly shampooed and towel-dried hair. Apply an entire single dose directly to the scalp, part by part. Vigorously massage in with the fingertips to stimulate the microcirculation of the scalp and favor the complete absorption of the product. Do not rinse.

### HOW TO APPLY CAPILO TREATMENTS

#### STEP BY STEP:

- Step 1: apply the peeling (see how to use).
- Step 2: rinse the peeling off with plenty of warm water
- Step 3: wash the hair with the recommended shampoo (see how to use).
- Step 4: carefully towel-dry the hair, always massaging, never rubbing the hair.
- Step 5: apply the lotion (see how to use).
- Step 6: massage the scalp to activate its microcirculation.

LENGTH OF TREATMENT: 3 to 6 months, depending on the type of alopecia and level of persistence.
